Panel discussion

Experiences and challenges of sustainable fisheries practices (small-scale fisheries) within protected areas in the Mediterranean region – cases from the Balkan region / Adriatic Sea

Goal:

- Debate on co-management inclusion of fishermen in Protected Area management efforts as examples of sustainable use of natural resources in current efforts of designing MPAs in the region.
- Experience sharing on effective co-management practices and tools in reducing the risks associated with human activities and current fisheries practices.

Participants of the panel:

Ms. Srna Sudar, Country Office Director, Regional Environmental Center (REC), Country Office Montenegro, PANACeA partner
